Plot area: 73m²

Beautiful semi-detached Villa immersed in the deep blue of the ocean in Punta Mujeres. The sea, with its natural pools, is the first thing you see and feel when you enter this property, located on the first line and offers, from many angles, fantastic views. The corner-house was completely renovated last year, it is distributed over two floors, plus a large terrace of more than 50m² on the top floor with a pergola to enjoy the sun and the panoramic views.

On ground floor you find a living room, kitchen, two bedrooms and two bathrooms. On the upper floor we find another two bedrooms and a third large bathroom.

The house has two independent entrances and can be divided into two apartments: an apartment on the ground floor with one bedroom, and another apartment on the top floor with two bedrooms and two bathrooms, converting the third bedroom upstairs into a living room-kitchen, being ready to set up a kitchen.

The village of **Punta Mujeres** is one of the nearly untouched treasures of the island with its natural stone pools and authentic Canarian atmosphere. It is directly adjacent to the village of Arrieta, home to La Garita beach
